

*"Do It Once, Do It Right"*

---

## **Quality Policy**

Jodek Pty Ltd is an established Australian repetition engineering company based in Victoria. With over 20 years experience in this industry, combined with the latest technology, we are committed to providing our customers with the highest standards of quality and service.

It is Jodek's objective to ensure an ongoing commitment to the quality of our products by working in close co operation with our customers and suppliers in a manner to achieve total customer satisfaction through continuous improvement.

Jodek strives to achieve sustainable growth by consistently satisfying the diverse needs and expectations of our clients. Jodek is committed to maintaining our Quality Management System (QMS) in compliance with the ISO 9001:2008 Standard.

Jodek will develop and maintain an effective program to ensure that all employees are trained to carry out their tasks in compliance to company quality procedures.

The quality and the reliability of the system and products in Jodek shall be the concern of every person in the company at all stages of operations.

Jodek is committed to establish, communicate and review our policies and quality objectives to all levels within the organisation.

The policy will be reviewed for accuracy and suitability during planned management review meetings.
